

Zoning Changes

These are the zoning changes which we would like for our area:

1. Providence - Fleming - Raymond Blvd - Lexington - to residential
2. Mott - Fleming - Ferry - Oxford to residential
3. From Christie to Chapel between Fleming and Raymond Blvd. - to residential
4. St. Charles - Ferry - Christie - railroad
from I3 to I1
5. St. Charles - Berlin - railroad from I3 to lowest possible
zoning allowed with stadium
6. From Chambers & Niagra to Lockwood,
From Penn Railroad to the River All I2 and I3 to I1

We understand that the present usage of any of the land will remain the same (except in cases of present zoning violations), but all future use of the land would then conform to our proposals for the zoning. This "present usage" is covered by present law.
